ISPD 2026, CHANDIGARH

Dear Colleagues and Friends,

It is our privilege to invite you to the **27th Annual Conference of the Indian Society for Pediatric Dermatology (ISPD 2026)**, to be held from **the 4th to the 6th of December 2026** in the vibrant city of Chandigarh.

Hosted by the Postgraduate Institute of Medical Education and Research, Chandigarh this year's conference is designed to seamlessly integrate time-tested clinical acumen with emerging advances in genomics and targeted therapeutics. The scientific program will commence with focused pre-conference workshops at PGIMER, offering immersive, hands-on training in clinical phenotyping for genodermatoses, genomic variant interpretation, and advanced pediatric procedural dermatology, including lasers and specialized surgical techniques.

The main conference, to be held at the Hyatt Regency Chandigarh, will feature a rich academic program comprising keynote lectures, expert panel discussions, and interactive case-based deliberations, along with the much-anticipated National Quiz. Anchored in the theme **"Pediatric Dermatology: The Precision Frontier"** the sessions will delve into contemporary frontiers including genomic mosaicism, biologic therapies in atopic dermatitis, and evolving insights in pediatric immunodermatology.

Beyond the scientific exchange, Chandigarh - the iconic "City Beautiful" envisioned by Le Corbusier—offers a harmonious blend of modernist design and natural tranquility. Delegates may also take time to experience landmarks such as the Rock Garden of Chandigarh and Sukhna Lake, which add to the city's distinctive charm.

The organizing committee is committed to creating a dynamic platform where experienced clinicians, academicians, and young researchers can come together to exchange ideas, foster collaboration, and advance the standards of pediatric dermatologic care in India.

We look forward to welcoming you to an intellectually enriching and memorable ISPD 2026 in Chandigarh.

Warm regards,

Organizing Committee
ISPD 2026, Chandigarh
